RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of water service by Mountain Water District hereinafter referred to as the DISTRICT and applies to all service received from the DISTRICT. No employee or individual Commissioner of the DISTRICT is permitted to make an exception to Rates, Rules or Regulations. All Rules and Regulations are to be in effect so long as they are not in conflict with Public Service Commission Rules and Regulations. The DISTRICT is further subject to all Rules and Regulations of the Public Service Commission even though not contained herein.

1. Scope

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the DISTRICT, and applies to all service received from the DISTRICT whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the DISTRICT'S Schedule of Rates and Charges, shall be kept open to inspection at the office of the DISTRICT. These Rules and Regulations are promulgated under direction and authority granted to Chapter 13 of Kentucky Revised Statutes and Administrative Regulations 807 KAR 5 established via authority of Executive Order 81-126 dated March 4, 1981. The aforesaid rules and regulations are hereby adopted and included the same or herein written now or as may be legally changed from time to time.

4. Application for Service

Any person, firm, agency or governmental entity within the current boundary of the DISTRICT may request service. Said request must be in writing on a form approved by the DISTRICT.

No service for a request shall be granted unless the property of said requestor has public access within a reasonable distance from an existing distribution main of the DISTRICT consistent with the topography of the area. Should the requestor desire to have the existing distribution system extended to serve them, same shall be accomplished as stipulated, hereafter.

RULES AND REGULATIONS

Should DISTRICT determine that service to requestor is available, each prospective customer desiring water service shall be required to execute and sign the DISTRICT'S standard application for water service before service is supplied by the DISTRICT. A 5/8" X 3/4" meter shall be "the standard customer service meter and should be installed at all points of service unless the customer provides sufficient justification for the installation of a larger meter."

The DISTRICT shall provide for a standard connection (i.e., 5/8" x 3/4" meter) from the DISTRICT'S existing distribution main. An extension of fifty (50) feet or less shall be made by the DISTRICT to its existing utility main without change for a prospective customer who applies for and contracts to use the service for one (1) year or more with the appropriate guarantee.

5. Non-Standard Service

Each prospective customer requiring a non-standard service (i.e., other than a 5/8" X 3/4" meter) shall present to the DISTRICT sufficient justification for same. Insofar as prospective customer requirements meet those non-standard service presently in effect, DISTRICT same may be applied. An extension of fifty (50) feet or less shall be made by the DISTRICT to its existing utility main without change for a prospective customer who applies for and contracts to use the service for one (1) year or more with the appropriate guarantee.

DEPOSITS

The Mountain Water District reserves the right to require a minimum cash deposit or other guaranty to secure payment of bills except for customers qualifying for service reconnection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The District may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the District. If the customer has no previous history with the District, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.

14. Adjustment Relative to Erroneous Meter

If test results on a customer's meter show an average error greater than two (2) percent fast or slow, or if a customer has been incorrectly billed for any other reason, except in an instance where a utility has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a customer, the utility shall immediately determine the period during which the error has existed, and shall recompute and adjust the customer's bill to either provide a refund to the customer or collect an additional amount of revenue from the underbilled customer. The utility shall readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads shall be used for comparison purposes in calculating the time period. If the customer and the utility are unable to agree on an estimate of the time period during which the error existed, the commission shall determine the issue. In all instances of customer overbilling, the customer's account shall be credited or the overbilled amount refunded at the discretion of the customer within thirty (30) days after final meter test results. A utility shall not require customer repayment of any underbilling to be made over a period shorter than a period coextensive with the underbilling.

If the result of such tests shows an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed 12 months.
- C. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the date(s) of testing, and the amount of charge or credit to be shown on the next bill of the customer.

15. Customer Request for Billing Adjustment

The DISTRICT thru its Board of Commissioners may approve, subject to the following guidelines, a customer's request for billing adjustment. This adjustment is in addition to and does not supplant Rule 14. Adjustment Relative to Erroneous Meter. No adjustment shall be granted if the metered water has been consumed or utilized by the customer. Any adjustment made upon request of the customer shall be on a one time basis and shall inure to the meter service location and not the name of the customer. NOW, THEREFORE, in consideration of the premises and the mutual covenants and conditions hereinafter set out, it is agreed between SUPPLIER and DEVELOPER as follows:

1. DEVELOPER Agrees to:

- A. Obtain or show approval of the Kentucky Department of Human Resources of the Multi-Family Development plan, showing the location and size of the proposed pipelines and appurtenances.
- B. Install the pipelines and appurtenances in accordance with specifications of the DISTRICT's existing or planned system or show proof that this has been done.
- C. Pay all costs of materials and installation of the proposed lines, including any lines and appurtenances outside the Multi-Family Development area, which may be needed to tie into the existing _____ waterlines. This includes paralleling or replacing DISTRICT's waterlines in order to tie into a main line of sufficient size to provide an adequate amount of water within the Multi-Family Development area.

called "OWNER", and the Mountain Water District, P.O. Box 1469,
Pikeville, Kentucky 41501, hereinafter called "DISTRICT".

WITNESSETH:

WHEREAS, the SUPPLIER has undertaken to establish and operate
a central water system for domestic, livestock, lawn, garden,
and other uses.

WHEREAS, the DEVELOPER has undertaken to establish a Mobile
Home Park for the sale or rental of mobile home sites within
the SUPPLIER'S service area and desires that water service be
provided to such mobile home park.

NOW, THEREFORE, in consideration of the premises and the
mutual covenants and conditions hereinafter set out, it is
agreed between SUPPLIER and DEVELOPER as follows:

1. DEVELOPER Agrees to:

- A. Obtain or show approval of the Kentucky Department of
Human Resources of the Mobile Home Park plant,
showing the location and size of the proposed
pipelines and appurtenances.
- B. Install the pipelines and appurtenances in accordance
with specifications of the DISTRICT's existing or
planned system or show proof that this has been done.
- C. Pay all costs of materials and installation of the
proposed lines, including any lines and appurtenances
outside the Mobile Home Park, which may be needed to

- D. Convey to the DISTRICT, fee and unencumbered title of any and all lines installed by the OWNER between the DISTRICT's main, to and including master meter.
- E. Pay to the DISTRICT the service connection fee as required by the governing body of the DISTRICT for the size meter requested by the OWNER.
- F. Maintain all lines and appurtenances from the master meter throughout the Mobile Home Park.
- G. Pay the DISTRICT for water used, based on the larger of:
- (1) The number of mobile home sites in the park times the minimum water charge per unit, based on a 5/8" X 3/4" meter minimum charge, or;
 - (2) The amount based on the average gallons used per mobile home site at the current rate schedule times the number of mobile home sites in the park.

2. DISTRICT Agrees to:

- A. Permit one master meter at a point adjacent to the mobile home park.
- B. Install the master meter after payment of the required fees for said water service connection.
- C. Provide water service in accordance with the DISTRICT's By-Laws, Rules and Regulations, and Policies. Water service will be provided after the installation is complete and title to all lines and appurtenances between the DISTRICT's mains and the master meter is vested to the DISTRICT.

3. It is further understood and agreed that the DISTRICT has entered into a loan agreement with the Farmers Home Administration, U.S. Department of Agriculture, for financing the construction of its central water system and the DISTRICT's obligations hereunder are contingent on its obtaining or having obtained said financing.

Box 1469, Pikeville, Kentucky 41501, hereinafter called
"DISTRICT".

WHEREAS, the DISTRICT has undertaken to establish and operate
a central water system for domestic, livestock, lawn garden,
and other uses.

WHEREAS, the DISTRICT has undertaken to provide fire
protection to facility (ies) and desires that a connection
the DISTRICT'S water distribution line be permitted.

NOW, THEREFORE, in consideration of the premises and the
mutual covenants and conditions hereinafter set out, it is
agreed between DISTRICT and CUSTOMER as follows:

1. CUSTOMER Agrees to:

- A. Take the necessary steps to have fire protection
plans and specifications approved by the
appropriate County, City, and State Agency. A copy
of approved plans and specifications are attached.
- B. Obtain the approval of the Kentucky Department of
Health of the proposed means of prevention of
cross-connection or backflow prevention and other
pertinent approvals. A copy of such approval is
attached.
- C. CUSTOMER warrants that system will be maintained in
a good and correct condition, preventing water loss
or contamination of facilities. Should CUSTOMER
fail to properly maintain or adequately protect
interest of DISTRICT, the DISTRICT may, without
notice of _____ recourse, terminate service to
CUSTOMER. CUSTOMER agrees to pay ~~50%~~ ^{PUBLIC SERVICE COMMISSION} due to line breaks or equipment failure ~~OF KENTUCKY~~

- E. Pay all costs of materials and installation of the proposed service lines including any lines and appurtenances outside CUSTOMER'S property which may be needed to tie into the existing DISTRICT'S waterlines. This includes paralleling or replacing DISTRICT'S waterlines in order to tie into a main line of sufficient size to provide adequate design pressure and volume at the point of connection to DISTRICT'S main line.
- F. Make provision for payment to tap fees and monthly charge to the DISTRICT.
- G. Convey to the DISTRICT fee and unencumbered title to the pipeline distribution system and appurtenances installed by the CUSTOMER between the DISTRICT main, to and including main valve pit.
- H. Pay the DISTRICT for services and potential services rendered the CUSTOMER, as a result of CUSTOMER having available such water, as currently available when needed by being connected to DISTRICT'S lines, a fee as hereinafter set out. It is mutually agreed and understood that fee stated hereinafter is for one (1) service tap only and any additional tap or service for CUSTOMER'S property or facility will be contracted for by execution of a separate agreement.

It is mutually agreed and understood that if service is dependant on extension or construction of a new main by DISTRICT that service by DISTRICT will not be available until such construction is complete.

- D. DISTRICT will maintain and operate that part of system which CUSTOMER has vested title to DISTRICT.
3. It is further understood and agreed that DISTRICT, in no way, guarantees or implies that DISTRICT'S system is adequate for fire protection. DISTRICT only offers to CUSTOMER such service as to availablility of water and pressure as may be, at the exact time when CUSTOMER demands. Further, DISTRICT does not agree nor warrant that design pressures and flows will not change, in fact, DISTRICT expects to add additional customers and expect that flow and pressure will decrease.
4. It is mutually agreed and understood that the distribution system installed, or to be installed by SUPPLIER, is basically a water distribution system for residential potable water supply. Design for fire protection has in no way been considered, nor does SUPPLIER warrant non-interruption of service.

WATER SHORTAGE RESPONSE PLAN

JULY 1, 2001

MOUNTAIN WATER DISTRICT WATER SHORTAGE RESPONSE PLAN

Section 1. Purpose. The purpose of this Plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the Mountain Water District service area in the event a shortage is declared.

Section 2. Definitions. These terms are applicable only for this Plan unless specifically noted.

- (a) "Customer" shall mean any person or entity using water for any purpose from the Mountain Water District water distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.
- (b) "Raw Water Supplies" shall mean all water potentially available to persons in the Mountain Water District service area.
- (c) "Treated Water" shall mean water that has been introduced by the Mountain Water District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water, listed by site or user type, are essential.

Domestic:

- water necessary to sustain human life and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including related filling and operation of swimming pools.

Water Hauling:

- sales of domestic use where not reasonably available elsewhere.

Public Use:

- firefighting,

- health and public protection purposes, if specifically approved by health officials.

Socially or Economically Important Uses (Class 2):

The following uses of water, listed by site or user type, are socially or economically important.

Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

Commercial and Civic Use:

- commercial car and truck washes
- laundromats
- restaurants, clubs and eating places.
- schools, churches, motels/hotels and similar commercial establishments.

Outdoor Non—Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,
- watering by commercial nurseries at a minimum rate necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation or landscape plantings required pursuant to law or regulation,

- watering of woody plants where necessary to preserve them,
- minimal watering of golf course greens.

Recreational:

- operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

Air Conditioning:

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Non—Essential Uses (Class 3):

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,
- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

- serving water in restaurants, clubs, or eating places, except by customer request,
- failure to repair a controllable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls.

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non—woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard—surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except when required by a site design review process,
- use of water for dirt control or compaction,
- watering of lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard—surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or Street.

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Air Conditioning (see also Class 2 purposes):

- refilling cooling towers after draining.

(d) “Base Entitlement” shall mean the monthly usage for a customer during the same month of the preceding calendar year of the average per customer usage for each class of service during the same month of the preceding year.

(e) “Curtailed Entitlement” shall mean the monthly usage for a customer after any curtailment percentage has been applied.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE
Pursuant to 807 KAR 5:011,
SECTION 9 (1)
BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

(f) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(g) Water Shortage Response Phases:

"**Advisory**" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"**Alert**" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"**Emergency**" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

(h) "**Rationing**" shall mean that procedures must be established to provide for the equitable distribution of critically—limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the Mountain Water District when implemented, this Plan becomes Mountain Water District Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage of implementation of the measures necessary to curtail water use shall be approved by the Mountain Water District.

Section 6. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to termination of water shortage declaration shall be made by the Board of Commissioners of Mountain Water District.

Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.

A. Advisory Stage:

- (1) Criteria: A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be up to 10% below demand, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes the areas from which the Mountain Water District draws water. (Note: Additional conditions may be added based on local conditions.)
- (2) Conservation and Curtailment Measures:
 - (a) Declare a Water Shortage Advisory.
 - (b) Provide proper notice to all customers and to all local news media.
 - (c) Eliminate all water leaks.
 - (d) Request voluntary conservation of all non-essential (Class 3) water use.
 - (e) Request wholesale customers also issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

- (1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to % below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs. (Note: Additional conditions may be added based on local conditions.)
- (2) Conservation and Curtailment Measures:
 - (a) Declare Water Shortage Alert.
 - (b) Provide proper notice to all customers and to all local news media.
 - (c) Eliminate all water leaks.
 - (d) Prohibit all non—essential (Class 3) water uses.

- (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
- (f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$5.00 per 1,000 gallons.

C. Emergency Stage:

1. Criteria: A Water Emergency shall be declared when the amount of treated water available is projected to be up to 20% below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level necessary to meet normal needs. (Note: Additional conditions may be added based on local conditions.)
2. Conservation and Curtailment Measures:
 - (a) Declare Water Shortage Emergency.
 - (b) Provide proper notice to all customers and to all local news media.
 - (c) Eliminate all water leaks.
 - (d) Prohibit all Class 3 uses of water.
 - (e) Prohibit all Class 2 uses of water except Domestic uses for kitchens, bathrooms and laundries.
 - (f) Curtail all commercial and industrial entitlements (except Health Care Facilities) by 100%.
 - (g) Curtail Residential entitlements by the same percentage as the projected shortage.
 - (h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.
 - (i) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$8.00 per 1,000 gallons.

D. Rationing Stage:

1. Criteria: Treated water available is greater than 20% demand or raw water supplies are below

the level necessary to meet essential needs, and in the opinion of Mountain Water District Board of Commissioners, mandatory rationing is required to insure adequate water is available to maintain public health and safety.

2. Conservation and Curtailment Measures:

- (a) Declare Water Shortage Rationing.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 and Class 2 uses of water.
- (e) Curtail all commercial and industrial entitlement (except Health Care Facilities) by 100%.
- (f) Curtail all residential and wholesale entitlements by the same percentage as the projected shortage.
- (g) Implement service interruptions to portions of system in accordance with approved published schedule. The schedule shall be provided to all local media.
- (h) Begin billing customer water usage in excess of curtailment entitlement at the normal rate plus an excess usage charge of \$15.00 per 1,000 gallons.

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to the following:

- (a) If the utility official charged with implementation and enforcement off this Plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.

before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.

- (c) Any customer whose water Service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.
- (d) The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this Plan.

Section 9. Request for Exception.

- (a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Mountain Water District Board of Commissioners for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.
- (b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this Plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.
